Craven County Genealogical Society Research Assistance Questionnaire

The Craven County Genealogical Society is glad to assist you in discovering your family history. If you have a specific question which one of our member volunteers could help you with as an aid in directing your research, we will do our best to assist. Should there be expenses such as for copies of documents, we may ask for reimbursement for our volunteers. We are not professional genealogists and do not have paid researchers in our organization.

Please provide us with the following information and either email Sandi Hawkins, Research Coordinator, Hawk.js2908@outlook.com or regular mail to: Craven County Genealogy Society, P. O. Box 1344. New Bern, NC 28563-1344
